# TFD Statement

“Consensus on forests is rare. When it is achieved, the world should listen. When it offers a solution to climate change, the world *must* listen.”

- Launched October 2008
- Contents
  - Executive Summary
  - Guiding Principles
  - Conclusion
  - Indicative Actions
  - Briefing Notes

# Guiding Principles

1. Ensure that forest-related climate change options support sustainable development in both forest-rich and forest-poor countries.
2. Tackle the drivers of deforestation that lie outside the forests sector.

# Guiding Principles

3. Support transparent, inclusive, and accountable forest governance.
4. Encourage local processes to clarify and strengthen tenure, property, and carbon rights.
5. Provide substantial additional funding to build the capacity to put the above principles into practice.
