- No audio recording
- Pictures OK
- Use Name Tents

TFD's Process

Spirit of Participation

- Active listening
- Constructive, solution oriented interventions
- Participate as individual
- Help define and own the outcomes
- Facilitation “light” / Co-Chair’s roles

TPL Priority Topic Areas

1. Plantation Forests in the global development agenda;
2. Design and implementation of plantation forests in the context of a landscape approach;
3. Approaches to enable good governance and inclusive development;
4. Identifying key externalities associated with the development and management of plantation forests;
5. The diversification of the forms and species composition of plantation forests, the sustainability of plantation forestry systems, and access to and use of new technologies.

TPL Chile Objectives

1. Incorporate experiences from Chile in the international arena to add to discussions on key themes;
2. Understand a participatory methodology for discussion and collaborative work that allows groups with distinct interests and objectives advance toward a common vision, while also representing their diverse interests;
3. Share visions of how the tree plantation sector contributes to the development of sustainability challenges;
4. Explore diverse forms of coexistence for diverse, productive, recreational and cultural activities and land uses;
5. Share experiences on the prevention, mitigation, and management of impacts from the tree plantation sector.
