Co-Chairs' Summary of Day 3 Discussions

March 19, 2014

- Land Tenure for small holder groups, tension between large/small landowners
- Develop opportunities for small-business:
 - Awareness/education /entrepreneurship
 - Rural Infrastructure
- Market/Value Chains, awareness, access, equity
- Effectiveness in planning (e.g. spatial planning/one map):
 - Sectoral coordination
 - Effectiveness and risks in implementation (eg need for diverse income streams)
 - Put local livelihoods and wellbeing at the center
 - Reconsider land use on peatland versus mineral land

- Migrants' and land uses (potential conflicts)
- Linkage between public-private sectors:
policy/law
frameworks/procedures/implementation to
support investments across sectors
- Linkage and balance between global and local
development objectives
- Effective processes for gender engagement in
land use planning
- What and who and how define success/progress?
- Capacity among stakeholders to engage in all of
the above

Breakout Group Questions

- 1. How to create opportunities for small holders to improve their livelihood?**
- 2. How to improve/reform the governance structures/policy to support cross-sectoral approaches for land use planning & management?**
- 3. How to improve/create policy framework to support private sector's investments in land uses that are more integrated and sustainable?**
- 4. How to work towards mitigating conflicts among land uses in Central Kalimantan to avoid escalated conflicts (for example in Riau)?**
