

The Forests Dialogue

STEERING COMMITTEE MEMBER

Francisco Rodríguez

With over 35 years of experience in the forestry sector, plus post graduate degrees in business administration, Francisco brings a wealth of knowledge on forests and tree plantations to TFD's steering committee. In his current position of Certifications & Sustainability Manager, he is responsible for the maintenance of the different certifications held by the forest and industries related to CMPC. He also represents the company in the work they share with different NGOs in Chile and abroad. Outside of his professional life, he has a passion for language and travel, as well as having contributed to numerous scientific publications. He especially interested in the conservation and propagation of endangered and unique tree species.
