

# The Forests Dialogue

## STEERING COMMITTEE MEMBER

### Mathew Reddy

Matthew is the Director of the Forest Solutions Group at WBCSD. He has a long history in sustainable development and environmental markets, beginning in the Australian power sector as a manager at Landcare CarbonSMART before moving into a position as CEO of the International River Foundation in Australia working to protect and restore the world's rivers and waterways. Matthew also has experience in the Asia-Pacific region, where he was the Executive Director of Carbon Advantage, working on carbon and sustainability projects in partnership with financial institutions, engineering firms and management consultancies. He also acted as director of WetlandCare, a wetlands organisation in Australia has a new conservation plan incorporating a blue carbon initiative, prior to joining the Forest Solutions Group at WBCSD.
