Land Use Dialogue Initiative Workshop

Wednesday 6 March 2019 – New Haven, CT, USA

Meeting Location

Greenberg Conference Center
391 Prospect Street, New Haven, CT, USA

Workshop Objectives:

- ➔ To explore the practical implementation of a landscape approach and what role dialogue plays in that;
- ➔ To reflect on TFD's Land Use Dialogue model to supporting a landscape approach;
- ➔ To set future direction for the Initiative with particular emphasis on the TFD/ELTI Collaboration to create training and support materials for LUDs in key landscapes.

Session 1: Implementing a Landscape Approach

09:00 Welcome and Opening Presentation

- ➔ Introductions, goals, justification, agenda
- ➔ What do people mean when they talk about landscape approaches?

09:30 Breakout Session

A. Common understanding:

1. What is the value of a landscape approach to environmental problems (according to different perspectives)?
2. When is a landscape approach not a jurisdictional approach and why?
3. What contexts or problems are best suited to a landscape approach?

B. Dialogue within a Landscape Approach

1. What is the role for dialogue in a landscape approach to environmental problems?
2. When does a dialogue become a negotiation (and why should it not)?
3. How can dialogue support a landscape approach?
