The Ghana Land Use Dialogue (LUD)
Mole Ecological Landscape 14-16 May 2019
Dialogue Location: Mole National Park

Dialogue Objectives
• Identify synergies and challenges between various stakeholder’s natural resource priorities and management plans, including Community Resource Management Areas (CREMAs);
• Explore roles and ways to engage private sector in sustainable landscape management, particularly in shea sector;
• Promote effective Natural Resources governance;
• Foster community participation and leadership in conserving forest, reducing deforestation and forest degradation, and sustainable management efforts in support of REDD+ goals;
• Develop a Landscape Strategy to guide district natural resource management;
• Support learnings around a landscape approach to natural resource management;
• Enhance trust and collaboration across sectors and actors.

Dialogue Co-Chairs
• Madam Joyce Caitlyn Ocansey (Co-Chair, National GWG/ National Steering Committee)
• Dr. Seth Appiah-Kubi (National Director – A Rocha Ghana)
• Mr. Felix Basing (Production Manager – Savannah Fruits Company)
• Hon. Abu Adams (District Chief Executive – Mamprugu Moagduri District)
• Madam Janet Ameseya (District Director – National Commission for Civic Education)

Dialogue Facilitators
• Saadia B. Owusu-Amofah (Country Coordinator IUCN Ghana)
• Anthony M. Mba (Project Assistant – IUCN Ghana)
• Godwin Dzekoto (Northern Sector Manager – A Rocha Ghana)
