

# Land Use DIALOGUE

## DRC

### Partners

### AGENDA

## The Democratic Republic of Congo Land Use Dialogue (LUD)

### Mangai Landscape

31 May - 4 June 2019

**Dialogue Location:** *Idiofa, DRC*

### Dialogue Objectives

- Involve local communities and identify ways to further support the Governance Working Group (GWG) in order to mainstream networks with local actors
- Identify synergies and challenges between various stakeholders' competing uses of the landscape and natural resource priorities
- Identify public private partnerships to mobilize finances for the implementation of the identified restoration options and explore ways to further engage them in sustainable land management
- Strategize on a follow-up mechanism on the findings from the LUD to ensure sustainability of the LUD process in the landscape and integration into the national policy.

### Dialogue Facilitator

- Rene Ngongo, OCEAN
- Paul N'lemvo, ICCN

### Agenda

#### *Friday, 31 May*

- |       |  |
|-------|--|
| 13:00 | Registration Opens   |
| 14:00 | Opening Plenary Session: Welcoming Remarks and Introductions   |
| 14:45 | Presentations: <a href="#">The Land use Dialogues and Landscape Approach</a><br><a href="#">Baseline Background of Mangai Landscape, ROAM process overview</a><br><a href="#">The DRC LUD and GWG Approach</a> |
| 16:30 | Preparation for the Field Trip: <a href="#">Baseline Situation / Learning Questions</a>  |
| 17:00 | Adjourn  |

#### *Saturday, 1 June*

09:00- 15:00 Field Visits: Faja Lobi (Ingung et Vallée du Paradis)

### Field Visit Learning Questions

- What do the site visits teach us for land and resource use and management challenges and concerns in the landscape?
- How do current land use practices benefit different stakeholders?
- What is the impact on livelihoods, the environment, and women?
- Do the field sites display opportunities of challenges to attaining your landscape vision?
- What lessons can be learned from the field sites to include in your landscape vision?

- What needs to change in the landscape to help you achieve your landscape vision?
- What kind of investments or actions are needed?
- What research or data is needed?

### *Sunday, 2 June*

Rest

### *Monday, 3 June*

09:00 Co-Chair Reflections on the field visit
